

A. L. REYNOLDS NAMED WINNER OF SEARS AWARD

Arlian L. Reynolds, New Oxford High School student, was awarded a \$50 U. S. Savings bond Tuesday evening at the annual Sears Foundation dinner at Lancaster as having done the best job of swine raising out of 12 county Future Farmers of America who were presented with gifts under the program last year.

Five others, who were selected as having done the best job of pig care in their schools were presented with \$25 bonds. They were Calvin D. Manahan, Biglerville; Wayne B. Mummett, East Berlin; Allen C. Witherow, Gettysburg and Merle C. Rumsey, York Springs. Reynolds also won the \$25 award for having turned in the best performance among the New Oxford High School youths who were given gifts.

Reynolds spoke briefly at the dinner meeting in the Hotel Brunswick, Lancaster, telling of the methods he used in handling the gift given him in August 1954.

Other Gifts Presented

Twelve county youngsters were presented with gifts for 1955 and will be judged for awards next August on their handling of the swine. The youths selected to receive the gifts were William Bosselman, New Oxford; Eugene Bostwick and Francis Cool, Fairfield; Dale Bupp and James Miller, York Springs; Richard Tosten, Melvin Starnier and Hermit Ziegler, East Berlin; Ronald Grop, and James Millhimes, Biglerville; and Glenn Little and LeRoy Martin Gettysburg.

Similar awards and presentations were made to FFA youths in Franklin, Lancaster and York Counties at the dinner. Since the program started in 1943 a total of 492 gifts have been presented Future Farmers of America members in the four counties.

Horace Waybright, Gettysburg R. D., who as an FFA member in 1944 received one of the gifts, was principal speaker at the dinner.

Training Need Grows

"The need for agriculture training becomes ever greater," Waybright, who won the American Farmer Award in national recognition of his skill as an FFA member, told the group. "Every year our system of agriculture becomes more of a specialized job. As an FFA member one of the things that amazed me was the way in which various foundations give a helping hand to the FFA program. I really believe that program is playing a very important part in the change that was necessary to provide food for the higher standard of living in this country and peace in the world of tomorrow."

Six Children Perish In Blaze

CLEVELAND (AP)—Six children ranging in age from 9 weeks to 6 years, perished in a fire today in a tenement house in the crowded east side Negro district.

Police identified the victims as William Murphy Jr., 6; Veronica Murphy, 5; Larry Murphy, 4; Ronald Cottrell, 2; Lever Grove, 1½, and Perk Grove, 9 weeks.

The Cottrell boy, a cousin of the Murphy children, was visiting them.

The fire, which threatened to spread from the house at 2359 E. 63rd St. to the Progressive Baptist Church next door, was brought under control by firemen in about half an hour. Asst. Fire Chief Ferdinand Boehmer said the cause of the blaze was not known.

LET FUEL OIL CONTRACT FOR 2 PROPERTIES

The Aero Oil Co. this morning was awarded the contract to provide fuel oil to the court house and county home.

The New Oxford concern was the only one to submit a bid and the prices listed, 11.5 cents per gallon for No. 2 oil and 9.6 cents per gallon for No. 4 oil, were reported as being the same as the bid submitted a year ago by the Blue Ridge Oil Co., which held the contract last year.

According to the commissioners, the Blue Ridge Oil Co. overlooked making a bid and recalled the matter too late to meet the hour set for the opening of such bids.

As was the case last year, the bids contain an escalator clause providing for increase or decrease of the amount charged depending upon increases or decreases in the going market price for fuel oil. The increases or decreases are based on the base bid submitted today.

Approve \$467 Item

The commissioners also, at their meeting in the court house this morning, approved spending \$467 for equipment to be used by the Adams County Agricultural Extension Association. The decision was reached after a report by County Agent Frank S. Zettie that Pennsylvania State University provided funds to the county agents of the state for equipment, basing the amount on the expenses of the county agents during May and June.

The expenses of the three county agents in Adams County during those months totaled \$467. Since the expense accounts made up by the county agents went to Penn State to determine the amount to be paid, no expense accounts were submitted to the county by the agents for those two months. Instead the commissioners passed the resolution today agreeing to pay for equipment up to that amount, and the checks from Penn State went to the county agents for their expenses.

SPEEDER IS FINED

Two motorists were charged by state police with traffic violations before Justice of the Peace Charles A. Hemler, Anna De Berry, Emmitsburg, was fined \$10 and costs for speeding Tuesday on Route 15, Margaret Schambach, Harrisburg, was sent ten-day notice for driving on the left side of the highway Friday on Route 15.

Will Not Accept Red Wrongs To Avoid War Says President In Address Before ABA Today

By DOUGLAS B. CORNELL
Eisenhower declared today that America is on a "crusade for peace" but can never accept Russian wrongs to men and nations in an "eagerness to avoid war."

In a prepared address to the American Bar Assn., he voiced confidence that the Geneva summit conference spells opportunity to advance toward a peace "based on justice and security."

"Can we achieve that sort of peace?" he asked. "I think we can."

Yet, without naming the Soviet Union, he said the division of Germany, the domination of captive countries and the use of international subversion are "violations of the rights of men and nations."

They probably result, he said, from "a compound of suspicions and fear." But he added quickly: "That explains. It cannot excuse."

Won't Excuse Wrongs
"In justice to others and to ourselves," he said, "we can never accept those wrongs as a part of the peace that we desire and seek."

The President spoke at the annual convention of the bar association, which is observing the 20th anniversary of the birth of John Marshall, fourth chief justice of the United States.

FFA DAIRY CALF RING IN BUTLER TO BE FORMED

A fund established by Butler Twp. farmers 20 years ago is to be used to organize a dairy calf ring for Future Farmers of America residing in the township.

Two decades ago when farmers of the township decided that they wished to have the cattle in the township tested for tuberculosis, in order to eradicate the disease from herds in the area, they set up the Butler Township TB Testing Association.

The association collected \$1 from each township farmer for the first cow they had tested in their herds and ten cents for each additional cow tested. That amount paid for miscellaneous expense of the program, including the transportation of the veterinarian and the spraying of barns where infected cattle were found.

State Takes Over

At that time the state paid the veterinarian but did not pay for the incidental expenses of the tuberculosis testing program.

Later the state took over the entire program, paying all costs, and the Butler Twp. TB Testing Association had a balance of \$86.67.

A committee of Butler farmers met with County Agent Frank Zettie in February to consider what should be done with the TB Association money. Arthur Ebbert was named chairman of the committee; M. T. Walter, vice chairman, and Charles Thomas, secretary-treasurer.

Decide On FFA

Because the money had been collected to carry on a program of improvement of dairy herds in the township, the committee decided that the best use would be a heifer ring for the young Future Farmers of that township.

They met with the agriculture teachers of the Upper Adams Joint High School at Biglerville, John White and Cecil Snyder, and completed the details for the operation of the ring.

Calvin D. Manahan Jr., 16, son of Mr. and Mrs. Calvin Manahan, Gettysburg R. 3, and a senior at Biglerville High School, was selected to receive the initial heifer.

Repay For Heifer

Manahan will vaccinate the calf, insure it and when it matures and reproduces, he will pass on a heifer of equal size and value to the one (Continued On Page 2)

Paul W. Topper and wife, McSherrytown, sold to John L. Sipling and wife, Hanover, for \$3,000, two properties in Reading Twp.

Harry A. Laughman and wife, Reading Twp., sold to Wayne W. Reid and wife, of that township, for \$2,500, a property in East Berlin.

BAND CONCERT

The Blue and Gray Band will play a concert at Mt. Holy Springs tonight at 8 o'clock for the benefit of the Mt. Holy Fire Company. The band will leave from the rehearsal room at 7 p.m.

Make Correction In Pupil Assignment

It was incorrectly stated in Tuesday's Times that students from Freedom Twp. in the first four grades will attend the Keefeauver Grade School. Dr. Lloyd C. Keefeauver announced today that the Freedom Township students in the first four grades will attend the Meade School.

He also stated that part of the Cumberland pupils will attend the will be instructed by their bus drivers as to which school they will attend.

Democrats Gain On Republican Voters

Democrats increased their margin over Republicans during the special registration period by enrolling 24 voters Tuesday at Cashtown, against 17 for the GOP. This brings the total to 470 new Democratic voters, 161 Republicans and 13 nonpartisans. Registration is being held today and this evening in Hunterstown.

President Meets With Governors Of Stricken States

PLEASE: Thousands Of Stricken Pennsylvanians Need Help

Adams County Red Cross headquarters today urged Adams Countians to back the urgent appeal of the National Red Cross for flood relief "as generously and as swiftly as possible." In reporting contributions of \$190.50 from 24 Countians, the local Red Cross pointed out that the money "goes to the people who are in need, to human beings, not just to cleaning roads and rebuilding schools, but to people that are hungry or cold or have no place to go."

Estimates of damage in the flood-stricken Pennsylvania areas runs to between \$500,000,000 and a billion dollars, with the death toll standing at 93. Chilly weather has further aggravated mounting problems in the hard-hit disaster sections.

Most of the areas ravaged in northeastern Pennsylvania are in many respects similar to Gettysburg, modest towns with thriving local industries and a heavy tourist trade. Until floods devastated the areas they were showplaces that attracted thousands of out-of-state vacationers.

Now the citizens are digging themselves out, many of them shoveling rubble with a typhoid shot in the arm. There is still much and darkness and confusion. Everywhere there is tragedy. Their needs are appalling and pressing.

Unlike Red Cross chapters in many other sections of the state, the local chapter is conducting a volunteer campaign. But every Adams County citizen is urged to do his part to help flood victims by sending contributions to Red Cross headquarters, 141 Baltimore St.

President Eisenhower has made a personal appeal for funds. Please send your donation as soon as you can.

Guest Pastor At Episcopal Church

The Rev. William Coulter, Washington, D. C., will officiate at the Prince of Peace Episcopal Church next Sunday.

The Rev. Mr. Coulter is rector of the Church of the Redeemer, Fairway Hills, Washington, and is also active in the national department of Christian Education of the Episcopal Church.

In addition to officiating at Sunday's service, the Rev. Mr. Coulter will lead a Church School Teachers Training session Sunday at 8 p.m. at the parish house.

Danny Burns' Smokey Found Alive Atop Of Machine Shop

By JAMES DEVLIN
NEW HARTFORD, Conn. (AP)—Dan Burns shook his head in wonder.

"If only Smokey could talk," he said.

Out of all the incredible events of the flood-stricken night last week, one stood out in Burns' mind.

The water of the Farmington River was rising. He was afraid his horse Smokey might be trapped in the barn, so he set the animal (Continued On Page 2)

Berserk U. S. Airman Kills 3, Wounds 6, And Then Is Shot To Death During Chase

MANSTON, England (AP)—An American airman went berserk with a gun in each hand at a South England fighter base here today, killing three persons and wounding six others.

The gunman himself was shot dead by U. S. Air Police after a harrowing chase that spread terror along the packed beaches and boardwalks of neighboring South British coast resorts.

The dead were an American sergeant, and another U. S. serviceman, and a Royal Air Force airman.

Three other American military personnel and three British civilians employed at the base—one of them a woman—were wounded.

The Air Force in Washington identified the gunman as Airman 2/C Napoleon Green, son of Mr. and Mrs. Tom Green, 13227 S. Langley Ave., Chicago.

Names of other Americans shot were withheld pending notification of their next of kin.

British police said two of the dead — the sergeant and the British serviceman — were shot dead.

JURY PONDERS ITS VERDICT IN C. HYNSON CASE

The jury hearing the involuntary manslaughter charge against Carroll Henry Hynson, Annapolis real estate broker and bail bondsman, began consideration of its verdict this afternoon.

All testimony in the case had been presented by 11:30 o'clock this morning. The court excused the jury until 1:30 o'clock this afternoon so that arguments by the district attorney and the defense counsel, and the charge by the court could all be given without interruption.

This morning Hynson told the jury that he was enroute from Annapolis to Pennsylvania State University, to visit his son there, when the accident occurred in York Springs in which a North Wales, Pa., woman was fatally injured.

Saw Sign Too Late

He said that he had visited his son three times previously, but had always used Route 140. He became lost, found himself on Route 94, which leads through York Springs and inquired at a service station about his location. He was told, he said, that if he stayed on 94 "it would take me to Carlisle."

He said he saw a sign reading "slow" near York Springs and slowed his car. The next thing that happened, he said, was when he saw a stop sign, saw a truck in front of him, slammed on his brakes and struck the truck "almost simultaneously."

He told the jury he had gone to the scene again after the accident and felt that the only reason he missed seeing the signs prior to reaching the intersection "was because they are somewhat obscured and I was confused as to where I was." He declared he was driving about 50 miles per hour until he saw the "slow" sign and then reduced his speed to "about 30."

Dr. C. G. Crist, Adams County coroner, first witness called when Hynson's trial began Tuesday afternoon said that he was called to the Warner Hospital June 7 when Mrs. Elsie Fenstermacher, 60, North Wales, Pa. was found dead upon her arrival at the hospital in the ambulance. He said she had died in Tyrone Twp enroute from the scene of an accident at the York Springs intersection, in which she had suffered numerous injuries including a fractured skull and crushed chest.

Dr. Crist said he spoke to Hynson, who had also been brought to the hospital, and that Hynson had said he was enroute from Baltimore to Pennsylvania State University to visit his son, a student there, and did not see the stop sign on Route 94 at its intersection with Route 15 in York Springs.

Albert Gingrich, Wormleysburg, said he was driving north on Route 15 with a tractor and tank trailer when he "saw Hynson coming out of 94 and smashed into the middle of the empty tank trailer."

Gingrich said the impact hurled the 7,000 pound trailer across the road into the path of a south bound car driven by Henry Fenstermacher, North Wales, husband of the fatally injured woman. Gingrich said he stopped his vehicle (Continued On Page 2)

AUTO IS STOLEN

A light grey 1949 Ford automobile, owned by Julius Hornig, Aspers R. 1, was stolen Sunday morning about 11 o'clock. Mrs. Hornig reported her son, William, parked the car in a woods at Brown's Bottom, near Aspers, while he fished nearby. When he returned the car was missing. The auto license is L-466E.

KEEFER, HENRY MORALS ACTION BEFORE COURT

Trial of Herber Keefe and Edith Henry, of Menallen Twp., near Brynsonia, on morals charges, began in Adams County court shortly before noon today with the selection of a jury and the appearance of the first witness, the prosecutor, Leo C. Riley, Gettysburg R. D., on the stand. "This is the fourth trial at the current session of court."

Named to the jury are Jean M. Arigo, McSherrytown; Mrs. Evelyn Basehor, Littleton; Lloyd A. Basehor, East Berlin R. 1; Floyd Brown, Fairfield; Lawrence Dooley, Littleton; Glenn Hoffman, East Berlin R. 2; Rodney J. Little, Hanover R. 4; John Rummel, Gettysburg; Harold Sentz, Littleton R. 2; Norman W. Storrick, W. Lincoln Ave.; George Weaver, Gettysburg R. 4, and Edgar E. Wolfe, Gettysburg R. D.

The trial continued later this afternoon following the presentation of arguments of counsel and the court's charge in another trial.

TWO DIVORCES RECOMMENDED

Atty. Franklin R. Bigham has recommended that Harold Walter Settle, Gettysburg, be granted a divorce from Phyllis Catherine (Snyder) Settle, Gettysburg, on grounds of indignities to the person. The court-appointed master filed his report Tuesday in the office of the prothonotary.

The Settles were married in 1950, and lived together until August, 1954, when Mr. Settle left. The master's hearing was held April 19 and August 16, but the defendant did not appear and was not represented. Margaret Crone and George T. Raffensperger testified, and corroborated portions of the plaintiff's testimony.

Atty. Edward B. Bulleit has recommended that Helen M. (Wolford) Golden, Straban Twp., be granted a divorce from Ray E. Golden, R. 3, on grounds of indignities to the person. He also filed his report Tuesday in the office of the prothonotary.

The Goldenes were married in 1942 and lived together until February 5, 1954. Hearings were held July 8 and August 3. The defendant did not appear and was not represented. Albert R. Wolford, father of the plaintiff, and Dr. Raymond Hale Jr., Arendtsville, corroborated parts of Mrs. Golden's testimony. The Goldenes have five children, aged six to 13.

loose. The water rose and Smokey disappeared.

The next day Smokey was found—alive—on top of a machine shop roof a mile from Burns' home.

Smokey was lying there, exhausted. Somebody thought it would be humane to shoot him, but didn't. Finally Smokey was returned to Burns.

Bridge Washed Out
"I was going to sell him," he said. "My children had not bothered to ride him lately. But they were so happy when he came back alive—now I wouldn't sell him for \$1,000."

But the story of Smokey was hardly more fantastic than some of the things that happened that night.

There was the sturdy steel bridge, a two-lane affair that had remained immovable for years. But last Friday it was gone, swept away by the rampaging river.

The fire house near the river bank had been a familiar sight. It, too, disappeared not before participating in an heroic effort to alert the population.

Blow Siren In Va
As the water rose to an alarming level shortly after Thursday midnight in this town a few miles south of hard-hit Winsted in the northwestern part of the state, local authorities decided to warn the sleeping populace.

They set off the fire house siren. Ordinarily it can be heard for two or three miles. But the bursts of rain and raging of the river muffled its sound.

Some people didn't hear it. Some did. And some who did, didn't know what it was sounding for.

Fire house, siren and all, finally toppled into the water. Firemen had driven the pumps to safety in the meantime.

If some of the people didn't link the siren with a flood it was understandable.

Plays Freakish Pranks
Before going to bed, most had checked the height of the river and discovered that it had fallen. That was one of the strange phases of the flood.

It rose and fell twice, lulling the people, before the river broke out of bounds to take seven lives in the little town.

It played such pranks as leaving one particular house while washing out its television, refrigerator and freezer.

Burns—more formally Rep. Daniel Burns of the State Legislature—said the water climbed to within four inches of his living room ceiling.

"I don't care," he said.

"My wife is alive, my children are alive, I'm alive and the house is still there. What more could I ask?"

Walters' Son Will Enroll At College

William H. Walters 3rd, son of Bucky Walters, former Phillies and Cincinnati major league baseball hurler and now a Milwaukee coach, expected to enter Gettysburg College next month, it was announced today.

Walters received a Herbert J. Pennock Award prior to the Philadelphia-Milwaukee game Tuesday evening at Philadelphia. He graduated recently from Cheltenham High School, Philadelphia, and has a 9-1 record as a pitcher for the North Penn VFW Post in the Sandlot Sports Association Senior Conference, Philadelphia.

he received to another FFA boy from Butler Twp. selected by the committee and the agriculture teachers at Biglerville. That youth in turn will pass on a heifer to another youth and so on down through the years.

The committee decided that should the heifer received by Manahan produce a bull at her first freshening, he will pass on the second calf, unless it also is a bull. In that case he will repay the purchase price of the original heifer, and that money will be used to purchase another heifer to maintain the ring.

Decision to establish the heifer ring was based in part on the success of swine rings set up under the FFA over the years.

School in the fall of 1940 and became a green hand in the FFA that same fall. My first project was to fatten six shoats. Not having enough capital myself, I went 50-50 on the project with my father. Each year as I earned I kept adding projects to my program. In 1944 I was selected to receive a gift from the Sears foundation, my first experience with registered stock. That experience has been a great help in later years in selecting gilts, providing sanitary conditions, mixing the ration and getting the pigs off to a good start at farrowing time.

Waybright described how he went into partnership with his father following graduation from high school. How his brother, Richard, also won the American Farmer Award and became a partner with their father, Clarence Waybright, in the farming enterprise and how they added to the farm, increasing the original 180 acres to 530 acres, with a program including 150 acres in corn, 85 acres in wheat, 60 in barley, 150 in hay and 85 in pasture, and increasing livestock until they have 50 milk cows, 30 heifers, 140 beef cattle, 1400 laying hens and 100 head of hogs.

He told the group "I believe that the key to success in farming today, is efficiency, with large production per acre, high producing livestock and a quality that pleases the consumer. We will have to reach these standards to have an income equal to our city cousins."

Fenstermacher was called to the stand but said he remembered nothing of the crash. His first recollection, he said, was awakening in the Hospital following the accident. He is under a physician's care for injuries received in the crash, he said.

State Policeman Jack J. Zelinskie, who investigated, said he was at the scene eight minutes after the crash. Hynson refused to make any statements to him, he said, "until after he had seen his lawyer."

William Coulson, 14, said he was working on a TV aerial atop his father's garage, north of the intersection when he saw Hynson's car come out of Route 94 and strike the tank trailer. He said trees prevented his seeing the trailer strike the Fenstermacher car. Similar details were given by Richard Decker, 16, York Springs, who said he was sweeping at the Coulson garage at the time.

E. Lawrence Bottiger, Hanover St., identified photographs he had taken shortly after the crash.

The jury hearing the case included Earl M. Borror, East Berlin; Guy A. Cuthall, Biglerville; Willis Guise, York Springs; Hays Hankey, East Berlin; Joseph Hartlaub, McSherrystown; Wilmer Lady, R. 4; Donald C. Leer, York Springs; Elizabeth C. Murren, Hanover R. 4; James C. Riley

ROLLING ACRES
SCHOOL OPENS
SEPTEMBER 6

John H. Riley, principal of the Rolling Acres Elementary School, has announced an enrollment of 900 pupils in the school for the 1955-1956 term. Spring and August registrations indicated a total of 95 beginners for the first grade. School will open on Tuesday, Sept. 6 with a half day session. A full day's schedule will be observed beginning the following day, Sept. 7.

The second August meeting of the Mason and Dixon Memorial Post No. 6954, Veterans of Foreign Wars, was held on Tuesday evening at the post home, W. King St., with Commander Earl J. Weaver presiding. Plans were discussed to have a picnic treat for the members of the Vets pennant winning baseball team for the 1955 season of the Littlestown Little League. The date and other details concerning the treat will be announced later. Donald C. Feaser, manager of the Vets team, was presented with an award for services rendered as the team manager for the past several years.

A report was given on the recent picnic held for the children of the Scotland School. Due to the rain last Saturday, the picnic was held at the school and lunch was served by the VFW 21st District. In the afternoon, the older children went roller skating at Red Ridge Park, Chambersburg and the younger children enjoyed games at the school auditorium. Twenty members of the local post and Auxiliary attended and assisted with the affair.

Bowling Meeting

It was announced that the VFW tag picnic held on Sunday at Myers Grove, near Boonville, was a big success. Adjutant John H. Riley gave his semi-monthly report. The next regular meeting will be held on Tuesday, Sept. 13, 8 p.m.

A meeting of those interested in participating in the Littlestown Women's Bowling League for the 1955-56 season, will be held this evening at 7:30 o'clock, at the home of Mrs. Ann Stiles, W. King St. Anyone wishing to bowl in the League who can not be present tonight is asked to contact Helen Jacobs, Lumber St.

BURGESS KEEFER
EXPLAINS WATER
SUPPLY PROJECT

The Littlestown "Borough Fathers," Burgess, and Borough Secretary were guests of the Rotary Club at a dinner meeting on Tuesday evening at Schottie's Hotel. Donald Z. Mann, chairman of the community service committee, in charge of the evening's program, introduced Secretary Roger J. Keefe, who in turn presented Burgess W. Rittase. Rittase introduced Councilmen Frank E. Stonecipher, Charles M. Frock, Harry T. Harner, Lewis H. Fox and George L. Maitland. Council President James V. Yingling was unable to be in attendance.

Burgess Rittase explained the duties of a borough and a question and answer period followed. Keefe discussed the improved water system being constructed and said that "with the present water supply available the borough will not repeat the acute shortage suffered last summer." The new supply is being made available free by William V. Sneringer and Sons, and two wells have been drilled near the Sneringer quarry at the northern edge of town. Keefe explained the progress of the quarry project from the first step when a sample of the water was sent to the state department for analysis to the present time. The Secretary informed the Rotarians that the estimated amount paid thus far is \$30,000. A like amount is expected to be paid in installing water meters in the borough.

Clarence R. Reck introduced visiting Rotarians E. J. Powell, Upper Darby; Harold H. Reuning, Gettysburg; Robert Menchey, Hanover, and J. Oscar Armacoost, Hampstead.

The Rotarians will enjoy an outing at Schottie's Farm, near town, next Tuesday evening at 6:15 p.m. Musical entertainment will be provided by the Little German Band. Arrangements are in charge of the fellowship and attendance committee, composed of George P. Smith, chairman, Walter F. Crouse, Merwin Harner, Roy D. Knouse, Dr. Donald B. Coover and Stanley B. Stover.

HOLD ANNUAL FEED

Approximately 150 persons attended the annual crab and shrimp feed of the Taneytown Lions Club Tuesday evening at Taneytown Memorial Park.

The Charter Night celebration will be held Sept. 13. This ladies' night affair will be held at Peter Pan Inn, near Frederick. Singleton E. Remsburg, J. Hoke Omert, and Robert W. Feaser are in charge of the affair.

President Raymond J. Perry and Secretary Kenneth C. Shorb attended a district meeting Sunday in Hagerstown, at which goals and contests rules for the coming year were outlined.

Rookie fullback Ray Novak of the Detroit Lions played baseball with Lincoln, Neb., of the Western League before deciding to concentrate on football.

Chester S. Byers and family, E. Myrtle St., were Mr. and Mrs. Earl Hacker and daughters, Kathy and Suzanne and his mother, Mrs. Alice Hacker, Ephraim. The group enjoyed an outing at Caledonia.

The Gettysburg Times

TWENTY-FIVE YEARS AGO
Lone Scouts Elect In Adams County: The Lone Scouts in Adams County will meet at Fuller's Lake on August 30 for a county Rally, it was announced today by Charles L. Lott, chief of the Lone Scouts of this section.

He was elected chief at a meeting held at the summer home of O. H. Benson, the national director. The other officers elected were William D. Sloops, sachem and bugler; Frederick E. Griest Jr., scribe and Ralph Tyson, wampum bearer.

Cash-ton Girl Is Wed At Fairfield: Clifford Biesecker, Orrtanna, and Miss Mary I. Andrew, Cash-ton, were married by the Rev. R. W. Lumbert, pastor of the Reformed Church in Fairfield, in the parsonage of the church Wednesday night at 7:30 o'clock. Dorothy E. Andrew, a sister of the bride, attended the couple, who left immediately after the ceremony for Niagara Falls. They will reside in Orrtanna upon their return.

To Ask State For Memorial: The committee in charge of improving the center square grass plot welcomes any suggestions in regard to the farm the improvements should take. James B. Aumen, chairman, said after a meeting of the committee at the fire engine house, Wednesday evening.

The committee discussed various memorials, but arrived at no definite decision pending the arrival here of a state architect to give suggestions and draw up plans for the improvement and beautification of the center square grass plot. At the Tuesday meeting of the Adams county commissioners the sum of \$2,000 was appropriated for the re-building of the curb and walk around the outside of the grass plot.

Three Federal Employees Are To Be Retired: Three employees of the Gettysburg national military park organization will retire shortly, Col. E. E. Davis, superintendent, announced today.

One of the trio, Harry Clay, messenger at the superintendent's office is the oldest and has been in service longer than either of the others, who are William C. Storrick, forester and superintendent of battlefield guides and Harvey M. Starnier, a laborer.

Mr. Clay, who is 85, has been working for the park organization since its establishment thirty-seven years ago. Mr. Storrick, who will be 74 on his next birthday, has been in federal employ for twenty-one years, beginning as caretaker at the East Cavalry Field where he was stationed for four years. Mr. Storrick was made superintendent of guides in 1917.

Mr. Starnier is 69 and has been employed as a laborer by the park for nine years.

Seize Freight Car of Beer For Hanover: One of the largest seizures of alcoholic drinks in York since the dawn of prohibition was made Monday afternoon when a federal prohibition agent accompanied by the state police, seized a freight car of beer on the siding of the Pennsylvania railroad. The car contained 250 barrels of beer and was valued at approximately \$8,750. The beer was listed on the shipment order as 80 bags of earth.

Unemployment Low In Adams County: Washington, Aug. 21 (AP) — The census bureau states that only 211,000, or 2.1 of the 1930 Pennsylvania population were unemployed on April 2. The figures included Adams county where 385 or one per cent, were listed as idle.

The only two players in the history of the Pittsburgh Pirates to have won the National League's Most Valuable Player award were Paul Waner in 1927 and Arky Vaughan in 1935.

Today's Talk

THE GARDEN OF FRIENDSHIP

There is something about a beautiful garden of colorful flowers that does something significant to anyone who is a lover of beauty. Each flower seems to be living in a world of its own with its own ideas, yet at home with all others.

How often have I looked upon a beautiful garden of flowers and felt as though I were talking with each flower — not a single one a stranger! I have often thought of a garden of flowers as emblematic of a garden of friendship.

To have and to keep a friend you have to do a great deal of cultivation. Like a garden, or a flower in that garden, it has to be constantly enriched, watered and nourished with some genuine love. A real gardener personalizes his plants, flowers and garden. We can do the same.

There is no jealousy among flowers. The simplest, and the most glorious, grow side by side — like unrelated books in a library. We can learn from these inanimate gifts of the Creator. We can build within our mind and heart our very own garden of friendship, made up of our selected friends. How all flowers "blend and meet in sweetening others!" Likewise, in our human garden, what a joy it is to invite others to have a place in our garden of friendship.

Today I sat and watched a hummingbird put its tiny bill into the heart of a dozen or so flowers in a small garden in front of my summer cabin. It was solely after the sweet of the flower; why can't we always seek for the sweet in people? It's the life of the hummingbird; why can't it be the life of each one of us? These tiny birds only go to the flowers that can give honey. Among the Southern people the word "honey" is proverbial. I have always liked to hear it. It's honey from the heart that sweetens all life!

WALKIE-TALKIE

(A secret service agent carries a walkie-talkie when he accompanies the President on the golf course.—News item.)

Mr. President, I've read it and I wonder it is true. That a secret service fellow when he treads the course with you takes a "walkie-talkie" with him? Well, in games that I have played I've had many "walkie-talkies" who made chattering a trade.

On the green when I was trying to run down a three-foot putt I could hear some "walkie-talkie" for his mouth was never shut. When I missed a shot completely, though no service man was he.

An advising "walkie-talkie" would be there to counsel me. Your official "walkie-talkie" in a bag is hid from sight.

But the ones I had were always at my left hand or the right, in our club were several golfers who are talking all the time. And if silence can be golden they have never earned a dime.

CHILDRENS CAMP WAS WIPED OUT SAY EVACUEES

ALLENTOWN, Pa. (AP)—The first evacuees from three children's camps in the flood-stricken Pocono Mountains arrived here today and told how one of the camps had been wiped out by surging water from the Delaware River. They said, however, that there had been no loss of life or injury.

The statements, given to reporters, contradicted previous statements by officials that none of the children's camps had been hit by the floods.

The officials had said men were cut off but had adequate supplies of food and water and were in no danger.

Leonard Rice, 18, Bethlehem, counselor at Camp Miller, located on the Delaware River near here, said all but 4 of 28 bungalows had been washed away by rapidly rising waters. It was a "terrifying experience," he said.

One Not Affected

Rice, who came here on one of 13 buses that evacuated more than 300 children from Camps Miller, Hagen and Ministerium, said that Ministerium was the only one not affected by the flood.

Camp Hagen was threatened by the waters which stopped just short of it. All its children and those from Miller were brought to Camp Ministerium, he said, and slept on floors and in barns until the buses took them out last night.

"Last Friday morning at 7 a.m. all department heads were called together," said Rice, and told that flood warnings had been received. "At 11 a.m. we got a warning that the waters would be here (at Camp Miller) in another 20 minutes."

Camp buses and cars were loaded with the 206 youngsters and moved to Ministerium hurriedly, he said.

24 Bungalows Gone

Rice said that after the flood waters receded he got a chance to go back to Camp Miller and "I still don't believe what I saw. Tents had floated away and all but four of the 28 bungalows were gone."

Reporter Jack Yoe of the Allentown Call-Chronicle newspapers said the children seemed in good spirits, and few realized the danger which had faced them.

Most of the campers, he said, knew of the flood only from damage they were able to see on their early morning trip here and from what they had heard.

Eight-year-old Carole Smith, of Perkasie, Pa., one of those evacuated from Camp Hagen, told of seeing "lots of high water." Her only complaint was that she "didn't like sleeping in the barn on a hard floor. It scared me," she said.

Judith Ann Reppert, 9, of Egypt, Pa., who came from Camp Hagen, bolted from her bus and ran to her mother shouting, "Mommy, we had a flood." Clutched in her hand was a battered box that contained her dancing shoes and other dancing equipment purchased for her shortly before she went to the camp.

There was laughing and crying as the parents, many of them worried despite assurances of their children's safety, gave vent to their emotions.

Recovering From Injuries In Crash

Wallace and Mary Reindollar, E. Baltimore St., Taneytown, are recovering from injuries in an East Stroudsburg, Pa., hospital, despite the floods which completely wrecked that town. Members of the family spoke to doctors Saturday, after the crest of the floods had passed, and were told that the Reindollars had suffered no ill effects.

The Reindollars were injured August 15 when the automobile they were driving collided with a truck. The details of their injuries were not known, the floods from Hurricane Diane having destroyed almost all communications. But it is known that each sustained some broken ribs.

HIGHWAY P.O. SERVICE OPENS

Highway service began on Taneytown's second Highway Post Office Monday, after dedication ceremonies and a first-day trip Saturday. The new Highway Post Office is to expedite mail to Baltimore, Martinsburg, W. Va., and points in between. The vehicle is 35 feet long and equipped with working and storage compartments. It carries 216 letter separations and travels one way along the 127.7-mile route each day. Principal towns along the route include Westminster, Taneytown, Emmitsburg, Waynesboro and Hagerstown.

Taneytown officials, led by Mayor Raymond J. Perry, joined in the ceremonies welcoming the new service to Taneytown. Post Office Department officials present included B. P. Adams, special assistant in the Bureau of Transportation; William A. Taylor, general superintendent of the Third Division of the Postal Transportation Service; A. C. Bopst, J. N. Sparks and C. W. Boller, all of the Postal Transportation Service; Westminster Postmaster Frank P. Myers and Taneytown Postmaster James F. Burke.

Keep Segregation In Carroll County

Carroll County will maintain separate schools for Negro children during the next school year, but will take steps toward the integration of white and negro pupils.

This decision was reached at a recent board of education meeting. Innovations listed by the board include desegregation of interschool athletics, county-wide music and dance events, and school buses "wherever necessary." Requests for transfers will be made to County School Superintendent Samuel M. Jenness, and will be considered from the aspect of both the school and the individual pupils' "welfare and educational progress."

Phillies Defeat Milwaukee, Dodgers Edge Chicago Cubs; White Sox Take League Lead

By JOHN CHANDLER

The Associated Press
Big Don Newcombe may still be considered the ace of the Brooklyn Dodgers pitching staff, but he must be wondering today whether he'll ever connect for his 19th victory of the season.

Thanks to some power hitting by Carl Furillo and Duke Snider, the Dodgers snapped out of it last night to defeat the Chicago Cubs 6-4, but Newcombe wasn't around for the finish. The Cubs rapped him for three runs in the second inning to go ahead 4-3, and Newcombe retired in the third with a strained shoulder muscle.

It was his fifth shot at victory No. 19 since he beat St. Louis July 31 and ran his season's record to 18-1. His mark is now 18-4.

The victory boosted Brooklyn's National League lead to 12 games over Milwaukee, defeated 4-3 by the Philadelphia Phillies.

The American League race, meanwhile, continued on its merry whirl with the Chicago White Sox taking over first place by two percentage points over the New York Yankees, and the Boston Red Sox only 3 1/2 games back in fourth place.

Tigers Upset Yankees

Chicago regained first place, although splitting a twin bill with the Baltimore Orioles, winning the opener 6-2 and losing the second game 10-3. The Yankees committed five errors, and Detroit thumped New York 7-2, while Ted Williams had another big night driving in four runs as Boston defeated the Cleveland Indians 8-3. This left Cleveland in third place, a game behind Chicago and New York, in a virtual tie for first. Kansas City edged Washington 4-3.

In other National League games, the St. Louis Cardinals beat the New York Giants and the Pittsburgh Pirates edged the Cincinnati Redlegs, both by 2-1 scores.

Newcombe, who had a 20-9 season in 1951 and was 19-11 in 1950, will be in shape to pitch his next turn, the club physician said. But getting No. 19 seems to be a jinx. Milwaukee knocked him out Aug. 4, and although the Burns rallied to win, Newcombe wasn't involved in the final decision. Then he was beaten by the Cubs 1-0 Aug. 8, and Robin Roberts and the Phillies bested him in two 3-2 decisions Aug. 14 and Aug. 19.

Furillo Gets 21st Homer

Don Bessent relieved Newcombe last night and posted his sixth victory without defeat when Furillo hit his 21st homer with one on in the seventh. He also had a single and a double. Duke Snider, also in a slump as the Dodgers had lost nine of their previous 13 outings, chipped in with two doubles, driving home two runs.

Stan Lopata singled with the bases full in the ninth as the Phillies scored three times to defeat Milwaukee. Jack Meyer, ace reliever, got the decision after taking over from Murrey Dickson in the ninth.

Four Baltimore errors aided Chicago in winning the opener, while Virgil Trucks gained his 13th victory. Bob Kennedy homered for the Sox. In the second game, however, the Sox muffed a chance to take a clear league lead when the Orioles racked four Chicago hurlers for 15 hits. Dave Philley touched off a five-run Oriole rally in the fifth inning with a two-run homer. George Zuverink got his first pitching victory of the year.

Errors And Wildness

New York's defenses fell apart, and Bob Turley was wild as a March hare at Detroit, while the Tigers' rookie Frank Lary went

all the way, spacing eight hits. Turley suffered his 12th defeat, against 13 wins.

Williams drove in four runs with a two-run homer, his 23rd, and a double to prevent Cleveland from joining Chicago and New York in a three-way traffic jam atop the league. Tom Brewer got his ninth victory for Boston, while Herb Score was losing his 10th game. Al Smith has his 17th homer for the Indians.

Vic Power batted in three runs, two with a homer, to pace the Athletics attack over Washington. Roy Sievers blasted his 20th and 21st home runs for the Senators.

With the bases loaded in the eighth inning, Bill Sarni of St. Louis dribbled a slow roller down the third base line that hit the bag for a single, scoring Stan Musial with the run that beat the Giants. Paul LaPalme pitched the last three innings to gain his fourth decision for the Cards.

Vernon Law scattered six hits to make his seasonal record 9-8 as the Pirates downed Cincinnati. Jerry Lynch opened the Pirate eighth with a triple off relief hurler Buster Freeman, and scored the winning run on Frank Thomas' sacrifice fly to left field.

MAY REPLACE VIC SEIXAS IN TENNIS TOURNNEY

FOREST HILLS, N.Y. (P)—Bill Talbert, U.S. Davis Cup captain, admitted today that he was toying with the idea of sending Hamilton Richardson into the Challenge Round against Australia in place of the slumping Vic Seixas.

Talbert will have to make his decision within the next 24 hours. The draw is scheduled for tomorrow and the first two singles matches will be played Friday.

"After watching Richardson's play against Seixas yesterday, I'm convinced that I'll have to do some thinking before I announce the singles assignments," said Talbert.

Richardson, a Rhodes scholar from Tulane University, impressed the captain and spectators alike when he went three fast sets against the American champion and had Seixas clearly on the defensive. Richardson won one set at love.

Hopes For Backing

"I don't have the full say while we're playing in this country," said Talbert, "but I think if I decided on Richardson, the selection committee would go along with me."

"Then, too, Seixas is just shy of 32 years old and playing two singles and a doubles might be too much for him. If he didn't play singles, he might be much more effective in doubles."

If Seixas were withdrawn from singles, Talbert was asked, wouldn't it hurt Vic mentally in the doubles?

"I don't think so," he said. "He's a grown man and he knows any thing we do will be for the benefit of the team."

Talbert knows the Australians, out to regain the cup they lost Down Under last year, would love to have Seixas in the singles. They think Ken Rosewall has his number and will beat him at will for one of the precious three points required to cart the prized trophy back home.

Eastern League

By THE ASSOCIATED PRESS

The Schenectady Blue Jays have edged the Williamsport Grays out of the Eastern League's first division.

The Grays split a twin bill with the Johnstown Johnnies yesterday and dropped out of a three-way tie for third place. The Grays took the opener, 3-2. But a wild streak by pitcher Don Dangleles in the seventh inning of the nightcap touched off a Johnnie rally. Dangleles blew a two-run lead and gave the game to Johnstown, 5-3.

Meanwhile, the Jays made a clean sweep of their four-game series with Albany by shutting out the Senators, 9-0. Henry Mason scattered six hits.

The Allentown Red Birds defeated the league-leading Reading Indians, 5-2, thanks to a bases-loaded double by Jim McArdle that shattered a tie in the eighth.

But Allentown dropped from second to third place in the standings, one percentage point behind the Binghamton Triplets. The Triplets swept a double header from the Elmira Pioneers, 5-1 and 5-2.

Despite last night's reshuffling, the situation remains explosive among the four teams battling for the three first-division positions still in doubt. A single game separates second-place Binghamton and fifth place Williamsport.

Predict Knockout In Tonight's Bout

WEST JORDAN, Utah (P)—Both Rex Layne of Lewiston, Utah, and Bob Baker, No. 2 heavyweight contender from Pittsburgh, Pa., predict victory by a knockout in their scheduled 10-round bout.

Fight time is about 9 p.m. MST (7 p.m. EST). Baker is expected to weigh in at 209, Layne at 207.

The Pittsburgh Negro has twice beaten Layne, who has been up and down in heavyweight rankings but is currently No. 10 contender.

Pennsy Team Places In Semi-Finals

WILLIAMSPORT, Pa. (P)—Top-notch pitching performances and some timely hitting have put Morrisville, Pa., and Winchester, Mass., into the semi-finals of the ninth annual Little League World Series.

Morrisville, behind Tommy Kaczor's two hit pitching edged Glen Falls, N.Y., 4-3 last night. Two home runs accounted for all the Pennsylvania's scores. Winchester gained its semi-final berth on the four-hit pitching of southpaw Vandy French who also chipped in three hits in an 8-5 win over Hamtramck, Mich., yesterday afternoon.

Alexandria, La., meets Delaware Township N.J., and San Diego, Calif., plays Auburn, Ala., today to decide the other semi-finalists.

Favor Drake Over Danny Giovanelli

NEW YORK (P)—Ray Drake is a 7-5 favorite to make good in his Madison Square Garden debut as a headliner tonight.

The solidly built, 25-year-old Brooklyn middleweight faces Danny Giovanelli, another Brooklyn leatherpusher, in a 10-rounder.

ABC will broadcast and telecast at 9 p.m., EST. As an amateur, Drake beat Floyd Patterson, now the No. 1 light heavyweight contender, three times. While Patterson has had a meteoric rise in the pros, Drake has been climbing slowly but steadily.

Winner of four straight, Drake now has a 20-4 pro record. Giovanelli, who recently moved out of the welterweight ranks, will be out to protect a streak of his own. He is unbeaten in his last five, including a fifth-round knockout of Jimmy Martinez and a decision over Denmark's Chris Christensen. His record is 26-4-1.

GETS DELAWARE POST

NEWARK, Del. — Raymond B. Duncan, Newark High School head football coach for the past two seasons, has been appointed faculty manager of athletics and physical education at the University of Delaware. Director of Athletics David M. Nelson announced this week.

Duncan, who graduated from Delaware in 1948, succeeds Robert P. Siemen. The new faculty manager will assume the position on September 1.

OAKLAND, Calif. (P)—If the thieves who raided a super-market here yesterday plan a party it should be a stem-winder. Police said they took 60 cartons of cigarettes, 10 cases of whisky, 10 of wine and beer, 8 cases of coffee, 15 of canned goods, plenty of frozen foods, bread and packaged meats—and a radio.

WOMAN FIRES 158 BULLSEYES

CAMP PERRY, Ohio (P)—A woman took the lead today in the National Small Bore Rifle Championship for the first time in history. Mrs. Viola Pollum, a housewife from Brookville, Pa., hit 158 bullseyes out of 160 shots to take a one point lead at the three-quarter mark in the four-day championship race.

Mrs. Pollum's score stands at 4,791, which means she has hit 471 bullseyes in 480 shots at ranges of from 50 to 100 yards.

Tied for second with scores of 4,790 are Charles Whipple of Somerset, Pa., and Oliver H. Lautherman of Dayton, Ohio.

Arthur Cook of Washington, D.C., who led for the first two days, slipped to 4,789 to put him in third place.

Mrs. Pollum, the 1953 national woman's champion, yesterday fired perfect 400's in the 50-yard and 100-yard matches, and 399's in the 50-meter and the Dewar Course matches. The Dewar Course is fired at 50-meter and 100 yards.

ASK SPEEDUP ON ATOM RESEARCH

WASHINGTON (P)—Two members of the Senate House Atomic Energy Committee are urging the Atomic Energy Commission to speed work on harnessing the H-bomb for peaceful purposes.

Sen. Anderson (D-NM), committee chairman, and Rep. Price (D-IL), head of its Research and Development subcommittee, said yesterday they believe the Geneva atoms-for-peace conference should give impetus to this project.

They were part of a committee delegation which returned yesterday from the conference.

Anderson said, "We know we are in a race for this type of development," and added there were clear indications at Geneva that Russia, Great Britain and India also were working at the problem.

He said "only a handful" of American scientists are assigned to this research. He suggested the number be increased.

CITY BANS ITS OWN CHAMPION, WALLACE SMITH

CINCINNATI (P)—Wallace (Bud) Smith, lightweight champion of the boxing world, may have to win a bout with his hometown boxing commission before he defends his title.

The city's boxing officials slapped a suspension on him yesterday "until he fulfills his obligation" to fight in Cincinnati for the Becker Athletic Club.

Such bans usually are honored by all states covered by the National Boxing Assn. New York is the only state not aligned with the NBA.

Promoter Sam Becker said the International Boxing Club stymied his efforts to get a Smith rematch with Jimmy Carter scheduled here. Smith captured the crown from Carter in a Boston bout June 30.

Becker had Smith under contract for a fight with Johnny Lombardo before the Smith-Carter go was announced. He set aside his contractual rights to allow Smith the title bid but he said he had an understanding with Smith's managers that his next fight would be in Cincinnati.

The scrappy Cincinnati promoter, a wealthy clothing manufacturer who tailors fights as a hobby, claimed Truman Gibson, IBC secretary, became angered when arrangements were made directly through the managers rather than the IBC.

"I own the fighters," Becker quoted Gibson as saying.

The IBC declined comment on the suspension.

Springers Lose Second Playoff

Newville, regular season champs, made it two-in-a-row over York Springs in a Bi-county League semi-final playoff series Tuesday evening at York Springs, blanking the Springers 9-0.

Charley Wiser and Carman Reid divided the pitching for Newville and granted but two singles.

Friendship also took a 2-0 lead in its series by blanking Centerville 5-0.

Both series are best-of-five affairs.

Score by innings:
Newville 0 0 4 0 2 3 — 9-6-0
York Springs 0 0 0 0 0 0 — 0-2-4

Batteries: York Springs, Garman, Wishard (6) and Blosser; Newville, Wiser, C. Reid (6) and Fry and Beigler (5).

Playoffs Move To Taneytown

Taneytown's Little League baseball team will be host to Woodsboro Thursday evening at 6 o'clock in the second of the three-game series for the playoff title of the Frederick-Carroll League.

Woodsboro triumphed 6-2 on its home field in the first game of the series Monday evening, the game being abbreviated by rain.

A third game, whether necessary or not, will be played Saturday at 2 p.m. on the New Windsor field.

The Taneytown Lions Club sponsors the team, which is coached by Myron F. Trace and Leroy Wildasin.

10 CARS DERAILED

LOWELL, Mass. (P)—Ten cars of a 13-car Boston-to-Montreal train and at least two cars from a freight train were derailed in wild disorder after a collision on a bridge over the Concord River shortly before midnight last night.

Seven crewmen were injured, one seriously. None of the passenger train's occupants required treatment of any kind, a spokesman for the Boston & Maine Railroad said.

ST. PETERSBURG, Fla. (P)—Mack Hopson, 37, a construction worker, rolled off a dived where he was sleeping, struck his neck on the ragged edge of a coffee can used as an ash tray and bled to death. He severed the jugular vein in his neck and died 35 minutes later.

Texas Lunch Takes Lead In Playoffs Via 9-1 Win; Second Game On Thursday

Pounding over four runs in each the fifth and sixth innings, the Texas Lunch took a 1-0 lead in the final series of the Softball League by trouncing the Moose 9-1 in a fast game Tuesday evening at the Recreation Park.

The second game of the best-of-five affair will be played Thursday evening at 7:30. In the event of rain, the teams will clash Friday evening.

George Fair, Texas Lunch out-

fielder, smashed a long homerun to deep left field for the only run in the first four frames.

The Texas Lunch broke the game wide open in the top of the fifth. Clarence Bartholomew singled and raced home on Charley Timbers' triple to right. Gaylord Fissel reached base on an error as Timbers scored. G. Fair then tripled to deep center and Bob Kitzmiller singled to drive in the final runs.

Moose Tab Run

In the last of the same frame the Moose, regular season champs, tabbed their lone run. John McKenrick reached base when a third strike escaped the catcher. Bernie Cole doubled and Jack Ridinger followed with a fly to center which enabled McKenrick to score.

A triple by Ken Fair and singles by Bartholomew, Timbers, Roland Hankey and Bob Kitzmiller accounted for four more runs in the sixth for the Lunchmen to ice the game.

George Fair led the winners' 14-hit attack with a single, triple and homerun. Cole and Bud Knox smacked doubles for the Moose. Bartholomew allowed the Moose but four scattered hits.

Billion Dollar Flood Loss In Eastern Pennsylvania

HARRISBURG (AP) — Unofficial estimates of damages inflicted by last week's flood waters in eastern Pennsylvania today approached the billion dollar mark.

Following a tour of the flooded areas, Gov. Leader said he "could only conclude at this time" that damages "will be somewhere between 800 million and 1 billion dollars."

Leader made the estimate yesterday after a meeting with President Eisenhower and governors of other flooded eastern states at Hartford, Conn.

The governor said Eisenhower told officials at the conference he would ask Congress to appropriate 75 million dollars for disaster aid to the flooded states.

Leader said Pennsylvania's share would amount to 25 million dollars, adding:

"I intend to discuss the financing of disaster aid with the legislative leaders here in Pennsylvania in the next day or two."

"I shall brief them completely on my meeting with the President and ask their assistance in levying the taxes to meet the responsibility of the commonwealth in assisting the people of Pennsylvania to recover from this disaster."

On his return from Hartford, Leader's plane landed at Avoca Airport near Scranton and the governor toured major disaster areas along the Lackawanna River and Roaring Brook.

The governor said it is still "all but impossible" to estimate ac-

curately the extent of damages in the flood areas. But based on preliminary figures, he said the cost of replacing destroyed public property and cleaning up afflicted areas will be about 158 million dollars.

"Any estimate of total damage, including private property, is much harder to arrive at and is of course much less accurate," Leader said, adding:

"I can only conclude at this time that it will be somewhere between 500 million and 1 billion dollars."

The governor said his tour impressed him in two ways—learning first hand the extent and severity of damages and the courage of the disaster-stricken people.

"The spectre of whole houses dashed against a mountain side, bridges torn from their piers and railroad embankments wiped out, is one that cannot be imagined," he explained.

"It must be seen. I saw it today (Tuesday) and now I understand the disaster from first hand."

Meanwhile, the health department said a corps of public health nurses has been organized to aid flood-ravaged areas.

The corps was organized by Elizabeth Hewitt, supervising nurse of The Bureau of Public Health Nursing, with temporary headquarters in Easton.

In other flood relief developments, The State Highways Department said its repairs and maintenance forces are continuing their round-the-clock battle to restore traffic on washed out roads and bridges.

ville, Illinois, a former pastor in Dillsburg Methodist Church, spoke at the Dillsburg and Wellsville churches this week.

The Wing Scouts of Dillsburg will hold a Food Sale, Saturday, August 27, at 9 a.m. in front of Spoerlein's Dress Shop.

On Saturday, August 27, the local fire company will hold a festival at the Community Hall, with a parade and dedication of the new equipment, a Civil Defense GMC equipped with radio and a 1,100 gallon tank truck.

At the meeting Monday night the ministers and officers of the Presbyterian Church Sunday School Assn. of the district made plans for 1955 District Standard Leadership Training School, which will be held for six consecutive Mondays at 7:15 p.m. beginning October 10th. Each pupil will study one subject two hours each night.

Rev. David H. Andrews will teach "My Christian Beliefs;" Rev. William T. Swaim Jr. will teach "Jesus and His Teachings;" Rev. James R. Nace will teach "Improving the Sunday Church School." Assignments for teaching "Creative Activities in Guiding Children" and "The Use of the Bible with Adults" have not yet been made. Each pupil will purchase his own text-book. Sunday Schools are being asked to pay the registration fees of \$1. per member enrolled. This curriculum is planned for the general public as well as for Sunday School teachers.

The next meeting of the General Committee planning the 210th anniversary of the church will be held at the church at 11:30 a.m.

SEEK 80 TO 100 MILLION FLOOD RELIEF MONIES

WASHINGTON (AP)—The adminis-

tration is seeking 80 to 100 million dollars for flood relief without a special session of Congress.

That figure on the needs of the water-ravaged Northeast was given yesterday by Val Peterson, civil defense administrator, after a White House conference put eight agencies to work surveying what

they can do immediately.

President Eisenhower said yesterday he will call a special session of Congress if it is needed to make enough relief funds available. Most lawmakers expressed hope the money can be obtained out of appropriations already made.

Call Many Officers

Forty-eight engineering officers headed northward from Ft. Belvoir, Va., and others were called from eastern, central and southern states to supplement field parties already at work in the New England area.

In addition to the engineers, yesterday's White House conference included representatives of civil defense, the Budget Bureau, the Commerce Department, housing agencies, the Justice Department, the Office of Defense Mobilization and the Small Business Administration.

Peterson said that aside from

the engineers, more time will be required to determine what help the other agencies can give.

The White House said Eisenhower talked yesterday with some leaders of Congress to get their opinions and let them know what was being planned.

May Replace Funds

There was a general feeling that agencies might be able to use funds already appropriated, with the understanding Congress might replace them as needed with supplemental appropriations next year.

Peterson said \$11,600,000 now is available and Chairman Hayden (D-Ariz.) of the Senate Appropriations Committee said another 10 million dollars could be obtained immediately by presidential transfer of funds of other agencies.

Because of this and what he said is broad presidential authority to direct all federal agencies to make

available materials, supplies and help to flood victims, Hayden said he doesn't believe a special session is necessary.

Sen. Lyndon B. Johnson of Texas, the Democratic leader, said in a statement that "of course everyone will cooperate to bring relief to flood-stricken areas." He said the President has "considerable authority to act now," adding: "That is what Congress would approve his doing."

HIGHWAY CREWS WORK TO CLEAR FLOODED ROADS

HARRISBURG (AP)—Maintenance crews of the state highways department continued their round-the-clock battle today to restore traffic on washed out roads and bridges in flood ravaged areas of eastern Pennsylvania.

Major project in the \$500,000 emergency repair program is the construction of a temporary bridge over Broadhead Creek between Stroudsburg and East Stroudsburg. The original span was washed away last Thursday but contractors said they hoped to have a temporary bridge opened for emergency traffic by tomorrow.

In the meantime, a round-about route between the two virtually

isolated boroughs was set up yesterday for the movement of food, medicine and other supplies.

6 Million In One County
Although no dollars and cents figure was yet available on the total damages inflicted on highways and bridges by the floods, Lawler said the rebuilding of permanent roads and bridges in Monroe County alone would entail an expenditure of over six million dollars.

The secretary said plans for design and relocation of permanent facilities will be started as soon as traffic is restored to presently closed routes.

The department outlined the conditions of road in the Eastern part of the state in this way:

On Rt. 611 three sections, closed for four days, were cleared between Easton and Doylestown thus permitting a "slow trickle of traffic" northward to Stroudsburg and Easton.

Trade Mark Forger Draws Jail Sentence

NEW YORK (AP)—Charles W. Kile, 51, of Primos, Pa., was sentenced yesterday in General Sessions Court to serve a year in the penitentiary for counterfeiting and forging automobile ignition parts trade marks and selling the misrepresented articles, generally for export.

Representatives of the Ford Motor Co., the Autolite Co., and Delco Remy, whose trademarks were involved in the scheme, were present in court for the sentencing.

Judge Mitchell D. Schweitzer said his investigation showed that the misrepresented parts were "definitely of inferior quality."

McCloskey Buys All Daily News Stock

PHILADELPHIA (AP)—Matthew H. McCloskey, chairman of the board of the Philadelphia Daily News, Inc., announced last night that he has purchased all outstanding stock in the corporation. McCloskey, a builder and contractor and treasurer of the Democratic national committee, said he bought the stock held by Mrs. Myrtle W. Ellmaker, widow of Lee Ellmaker, Daily News founder and former publisher.

trict, Rt. 209 between Stroudsburg and Bushkill and Rt. 115 between Broadheadville and Stoddardsville were still reported closed to traffic.

Twenty seven bridges on the state's secondary roads were closed in Monroe County.

In the Scranton engineering district, the department listed:

Scranton area: Rt. 590 closed from Elmhurst to Hollisterville; Rt. 502 closed from Moosic to Daleville.

Wilkes-Barre Hazleton area: Rt. 115 closed at Stoddardsville; Rt. 20 closed Nesquehock to Mocanaqua.

Millford area: Rt. 6 closed Indian Orchard to Hawley; Rt. 170 now open Prompion to Aldenville; Rt. 90 now open Honesdale to Dyerberry which permits movement of traffic from Easton to Hancock, N. Y. on the west side of the Delaware River.

Agreements have been worked out by the State Highway Department at Scranton with seven contractors for the construction of temporary bridges in Moosic Borough, Daleville and Indian Orchard where several bridges were washed out. Fourteen other agreements are in force in the Allentown district.

BUDGET PROBLEM UNSOLVED WHILE SOLONS BICKER

By JOHN KOENIG JR.

HARRISBURG (AP)—A leading Republican senator said today that if Gov. Leader does not cut his \$1,800,000,000 budget then the GOP-controlled Senate "will have to." Chairman Kessler (R-Lancaster) of the Senate Finance Committee suggested that appropriations bills for the commonwealth's various departments be sent over from the House.

"If the bills are passed by the House then the Senate Appropriations Committee can make whatever revisions it feels necessary," said Kessler. "That done, we could turn again to taxes."

Could Break Deallock
This action, Kessler said, could break the deallock the administration and Senate Republicans now find themselves in after the collapse Monday of a series of tax compromise conferences.

Kessler said the proposal to spur action on the appropriations bills was made at the final conference by House Speaker Andrews (D-Cambria).

Andrews' suggestion, said Kessler, was that the bills could go to joint House-Senate conference committees should the GOP-controlled Senate Appropriations Committee amend them and the House refuse to accept the amendments.

Would Reduce Funds
Should the bills be sent over by the House there could be no doubt that Chairman Chapman's appropriations committee would reduce the requested funds appreciably.

Chapman himself sat in on the final compromise conference at which Sen. Mahany, GOP floor leader, called for paring 131 millions from the budget, increasing revenue estimates for the next two years by 73 millions and making up the difference with a two per cent sales tax.

The governor, declaring he was

"shocked" by Republican "intellectual dishonesty," rejected the entire Republican three-point program.

Scores GOP Leadership
Last night, Sen. Barr, Democratic state chairman, described the action of the GOP leadership as "the biggest doublecross on budget and taxes ever accomplished by political negotiators pledged to the needs of honest compromise."

Democratic county chairmen conferring here on how best to spur a statewide registration drive, were told by Barr that the GOP is "obsessed by a desire to destroy the Democratic party even if it means leading the commonwealth to financial slaughter."

Refuse Work Sheets
"And yet GOP senators," he said, "refused to show us the work sheets used in making their calculations."

"In short, they presented their figures on a take it or leave it basis and betrayed the approved procedure for budget and tax discussions agreed upon by both sides at a previous bi-partisan conference."

Kessler meanwhile said Republican senators had gone over in detail the governor's entire budget in drawing up their proposed reductions.

"We decided that about 131 million dollars could be cut out," he said. "We don't want to be arbitrary so we merely suggested certain cuts for certain departments—it is up to the governor to decide where to cut."

Armed Robber Gets 5-10 Year Sentence

CARLISLE, Pa. (AP)—A Jefferson County man was sentenced to from 5 to 10 years in Eastern Penitentiary after he pleaded guilty to a charge of armed robbery in the taking of \$200 from the Household Finance Co. office here last Thursday.

Manuel Joseph Moreno, 27, Brookville, was sentenced yesterday by Judge Mark Garber in Cumberland County Court. He also admitted the burglary of a service station in New Cumberland on Aug. 16.

Death Toll Reaches 9 In Boxcar Crash

CHARLESTON, S.C. (AP)—Nine airmen and civilians were killed yesterday when a crippled C119 Air Force Flying Boxcar burst into flames and crashed into three small frame houses near the Charleston Air Force Base.

Five of the 11 crew members died in the pre-dawn wreck. The six survivors were hospitalized but apparently none had serious injuries.

Base officials believed all bodies were recovered from the charred remains of the plane and houses.

Coleman Elected By Mississippi Voters

JACKSON, Miss. (AP)—Mississippi voters elected Atty. Gen. J. P. Coleman their new governor, the job a poor farm boy set as his goal more than 20 years ago.

Coleman held a commanding lead today with virtually all precincts reporting.

The farm boy who worked his way through college and law school defeated Atty. Paul B. Johnson.

Four of 10 persons living in the houses were killed.

Youth Is Killed In Turnpike Crash

CARLISLE, Pa. (AP)—A prospective bridegroom from Franklin, Pa., was killed and his fiancée was injured last night in an automobile accident on the Pennsylvania Turnpike.

The fatality raised the number of traffic deaths on the toll highway in the Carlisle area to seven in a 24-hour period. Six persons were killed in a two-car crash shortly before midnight Monday.

State police identified the victim of last night's crash as James Frederick Anders, 21, of Franklin. His bride-to-be, Janice Bahler, 22, Grove City, was taken to Carlisle Hospital for treatment of cuts and bruises.

State police said the car, driven by Anders, skidded off the pavement and crashed into a tree. They said the couple planned to be married next month and live in Grove City. Anders had been a student at Grove City College.

son of a former governor making his third bid for the post.

Unofficial and nearly complete returns from 1,707 of 1,850 precincts in yesterday's Democratic primary runoff election gave Coleman 204,397 votes to Johnson's 155,606.

Precautions Must Be Taken In Making Good Corn Silage; Liming Should Be Done Now

By FRANK S. ZETTLE
Adams County Farm Agent

Keep your silo in good repair with air tight walls and good fitting doors, in making corn silage. Air must be kept out of the silage to prevent mold.

Clean the walls and pit before using. Brushing the walls to remove stray bits of old silage takes time but pays big dividends.

Cut corn in the early dent stage. At this stage the corn is fairly rich in carotene if the leaves are still green. However, in drought years when stalks and leaves begin to dry out — then put the corn in the silo earlier than usual, without waiting for the early dent stage.

Avoid Spoilage

A one-half inch cut is desirable for corn harvested in the early dent stage. Dry corn will compact best if it is cut about one fourth inch.

Dirt is a very important factor affecting the quality of corn silage. Soil bacteria tend to promote spoilage. Muddy corn bundles mean trouble. It is better to operate the

corn binder a little ahead of the haulers.

If part of your corn is rather dry, ensile it first and put the greener corn in the top half of the silo. If corn is frosted or very dry — add water. Water helps compact it.

Tramping Necessary

If leveling and tramping seem necessary, remember to tramp mostly along the wall since silage does not settle as readily there as in the center. Dry and light silage usually calls for leveling and thorough tramping.

After the silo is filled, tramp the silage every day for ten minutes. Repeat the operation for about five consecutive days. Remember — tramp along the wall.

These suggestions will help you obtain quality silage, "but remember — quality starts with the stalk in the field."

Lime Application

One farm operation has changed amazingly during the past ten years. That's the application of lime. Only a few years ago, most farmers bought their lime in bags, and

spread it with their own equipment. It was an expensive, and time consuming job. Now, custom operators are spreading most of the lime, using bulk spreading equipment.

Here's a suggestion. Chances are, you can save some money by putting the lime on now, instead of waiting until late in the fall. Many custom operators are not very busy now, and they'll cut the price, maybe, in order to get the work.

In most cases there are other advantages, too. You can work the lime into meadows when you plow for corn. This can very likely increase your production. Most of it will still be there when you seed again, because lime does not leach out of the soil very easily. What's more, it will have neutralized the soil acidity, by the time you plant your legumes. Another advantage to putting on lime now, is that your land is dry, and there's no danger of cutting up the ground, or packing it, or getting stuck.

So you've nothing to lose, and you may save some money by liming now!

Here's a reminder to poultrymen about the Pennsylvania wholesale grades for eggs. Recent discussion of proposed changes in the U.S. standards for sizing eggs, has created some confusion among poultrymen. But here's the main point. The postponement of the effective date for the new U.S. grades does not affect Pennsylvania grades.

Pennsylvania standards on egg grading specify various minimum sizes for eggs of a given grade. Here are those sizes. Extra large, twenty-seven ounces; large, twenty-four ounces; medium, twenty-one ounces; small and -or pullet, eighteen ounces, and there's no minimum for peewees.

You have to do a careful job of grading eggs to meet our Pennsylvania standards. Any eggs you actually label as to size, such as large, medium and small, must meet the requirements set up in the standards. These rules specify not only the minimum weight for individual eggs, but the minimum case weight as well. In determining whether a particular case meets the

requirements of the standards, the weight of each individual egg is important. Even though a case of large eggs meets the requirements for case weight, it would fail to meet the requirements if it contained individual eggs falling below the minimum requirements for large eggs. The same principle applies to all other size grades. Folks are marketing more and more eggs from pullets, therefore accurate grading is very important.

It's tomato time everywhere in Pennsylvania.

They grow everywhere in the State in patches both large and small. In fact tomatoes are the most universally popular garden vegetable in the United States. And even if you don't garden, you won't have to be without, as supplies will be heavily through the middle of September.

There are not tricks in wise tomato buying this time of year. Let your eye be your guide. Pick out a firm, well formed, plump, smooth skinned fruit. They do not necessarily have to be red ripe as long as they are starting to turn color when you buy them. Just leave partially ripened tomatoes at room temperature until they become red enough to serve. One thing to remember: do not place the partially ripened fruit on sunny window sills, as they will not color well. If you do not use fully ripened fruit immediately, they will keep best in the refrigerator.

Here's the 1955 tomato supply outlook.

Local Pennsylvania sources provide many tomatoes this time of year, and in addition, New Jersey supplies the eastern half of the state during August. In the west, Ohio fruit finds its way to our markets too. Dry weather during July has cut into the size of the crop, and if it continues, supplies may be somewhat less than the heavy volume usually expected this time of year.

Beginning late in August, depending somewhat on supplies of ripe tomatoes, Pennsylvania growers begin shipping green tomatoes to market. The tomatoes you see in cellophane wrapped packs during the winter come from Florida and Cuba.

France Calls Reservists To Bolster African Force

By GODFREY ANDERSON

PARIS (P)—Call-up notices went out today to French reservists, summoning them from vacations on beaches and in the mountains to help bolster the battle with nationalist rebels in France's strife-torn North African territories.

Premier Edgar Faure announced the call-up last night at the mountain-ringed spa of Aix les Bains, where he has been conducting talks with Moroccan leaders.

Faure declined to say how many reservists were involved. Most of France's first-line troops, once stationed in Germany, already have been sent to North Africa.

Faure himself hurried to Paris to deal with revolt brewing in his government in the wake of last weekend's bloody uprising in North Africa.

The Premier was under attack from some rightist backers of his coalition government because he agreed to confer with Moroccan nationalist leaders.

"Any concession made to those who wish to throw France out (of Morocco) can only aggravate the situation," one group of deputies said in a telegram to the Premier.

Opinion seemed to be growing stronger that the feeble, unpopular old Sultan Mohammed Ben Moulay Arafat, chief target of the Moroccan nationalists, would have to be replaced by a regency council. Ben Moulay Arafat was picked when France deposed pro-nationalist Sultan Mohammed Ben Youssef two years ago.

Across the Mediterranean, thousands of French troops—among them tough Foreign Legion veterans, Senegalese troops from West Africa, Marines and parachute commandos—pushed an offensive in the Atlas Mountains against the 4,000 Smaala tribesmen who massacred 80 Frenchmen at Oued Zem Saturday.

Fresh rebel attacks and continued French cleanup operations in Algeria brought new deaths there yesterday also. Nineteen rebels were killed when they tried to enter Constantine, a town of 8,000 between Constantine and Philippeville. Another dozen deaths were reported in isolated clashes in the countryside.

Estimates of the weekend death toll in Morocco and Algeria rose to 2,000. Official reports early today from Algiers put the number

WINS \$16,000 AS A SPELLER

NEW YORK (P)—A 12-year-old Baltimore schoolgirl, grinning with self-confidence, has spelled herself to the \$16,000 mark on The 64,000 Question television show.

Gloria Lockerman calmly spelled out this sentence:

"The belligerent astigmatic anthropologist annihilated innumerable chrysanthemums."

The little Negro girl was acute and methodical as master of ceremonies Hal March read her the sentence last night. She asked him a question. Did he want that last word singular or plural?

Gloria's success makes her eligible to try for \$32,000 next Tuesday night in her spelling category.

Up To Grandma

The decision whether to keep the \$16,000 or go on is up to her grandmother Mrs. Bertha Key.

If Gloria tries for \$32,000 and misses, she still will have a consolation prize of \$4,000. If she tries and wins, she can go on to the \$64,000 question the next week.

All the child's winnings will be put into a trust fund, where the money will be kept until she needs it for her education or reaches legal age.

Last night, for the third consecutive week, Gloria was accompanied by her grandmother, with whom she lives in Baltimore.

Another winner last night was Marine Corps Capt. Richard S. McCutchen, of Worthington, Ohio, an expert in the "food and cooking" category, who advanced to \$8,000.

Flood Victim Shoots Self With Revolver

CRANBURY, N. J. (P)—A Pennsylvania man whose house was destroyed by last weekend's floods killed himself yesterday, police said.

William N. Stemhagen, 40, of 31 Delaware Ave., Yardley, Pa., was found dead in his pickup truck parked behind the Gateway Diner on Rt. 130, Cranbury Township.

Authorities said Stemhagen had shot himself in the head with a .22 caliber revolver found near the body.

An air conditioner installer, Stemhagen formerly lived at 38 Locust Ave. in White Horse, a Trenton suburb. He was recently separated from his wife, police said.

The diner owner, Frank A. Mayor, 27, found the body.

Short Circuit Kills Harrisburg Worker

HARRISBURG (P)—Charles J. Brady, 36-year-old father of three children, was electrocuted while operating a scrubber machine at a cleaning plant yesterday.

Dr. John J. Fritchey, deputy Dauphin County coroner, said the Harrisburg man was killed when a short circuit electrified the machine.

NIXON TO MAKE GOOD WILL TOUR

WASHINGTON (P)—Vice President Richard Nixon will make a good will tour of the Middle East and several African countries late this year, probably in November.

The White House announcement of the trip yesterday stirred speculation that Nixon would seek to improve relations between Israel and the Arab states in furtherance of the American policy of seeking greater stability in the troubled Middle Eastern area.

Diplomatic officials said, however, that the tour, requested by President Eisenhower, would have no particular policy purpose other than the development of friendship and good will between the United States and the countries to be visited.

About 18 months ago Nixon toured the Far East and South Asia and early this year he visited a number of Latin-American countries.

On his Middle Eastern and African visit he will be accompanied by Mrs. Nixon and representatives of the State Department. The exact countries which he will visit have yet to be determined.

BIGGER THAN CARS COSTING \$500 MORE

Get the biggest value in town! You get big-car size, big-car beauty and big-car comfort at the lowest possible price when you choose a big 17-foot-long Plymouth.

Even many medium-price cars (let alone the other two low-price cars, which aren't nearly as long, as roomy, as heavy or as handsome as Plymouth) can't match Plymouth for over-all size and value. In fact, you could spend as much as \$500 more and still not get a car as big as Plymouth.

So don't be fooled by misleading claims! Compare price tags and you'll immediately see that, model for model, Plymouth sells for much less than medium-price cars and gives you much more car for your money.

Get the biggest deal in town! With sales piping hot, your Plymouth dealer is able right now to give you the biggest, sweetest deal of the year on a new '55 Plymouth. He's ready to offer you a sky-high allowance for your present car—probably much more than you'd expect!

What's more, he'll be glad to arrange quick, easy financing. Better hurry over to see him today or tomorrow while there's still a complete selection of beautiful Plymouth models and color combinations.

TITO WALKING TIGHTROPE FOR WEST, RUSSIA

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP)—In the old vaudeville days, shows opened with a juggling act, a few fox terriers, or acrobats on a tightrope. Nowadays Marshal Tito is the nearest tightrope walker in Europe.

The boss of Communist Yugoslavia skips along nimbly, and so far successfully, on a thin line between the West and Russia, doing business with both sides. This is sometimes called playing both ends against the middle.

Tito himself in a speech last month called it "cooperation and normalization of relations."

Yugoslavia fitted neatly into the East European Communist bloc

until 1948, when Stalin made the mistake of ordering Tito around too much. He broke with the old dictator.

Hurled Into Red Limbo
His Red neighbors cast him into a Communist limbo and for at least five years filled the airwaves over Eastern Europe with a campaign of vilification, including the use of the word "hangman."

All this was delightful news to the West. This was the first time a satellite had cut loose from Russia. No one could tell, if Yugoslavia was handled right, whether more satellites might follow.

Since Tito's break with Stalin, the United States has given Yugoslavia about 500 million dollars in military aid and perhaps the same amount in economic help, in grants not loans.

After Stalin's death in 1953 the new rulers of Russia, seeing the damage their old boss had done to the onetime solid Communist front in Europe, began to make goo-goo eyes at Tito to woo him back. He wasn't wooed easily.

He had it pretty good in his rela-

tions with the West and the help he got from that direction. This year the Russians — Premier Bulganin and Communist party chief Khrushchev — made a humble pilgrimage to Yugoslavia. This worried the West no end, particularly when Tito and the Russians seemed to have patched up their old quarrel. It was at this point Tito climbed up on the tightrope.

If he could deal with both the West and Russia and the satellites he would have it twice as good as in the past, when he had been able to deal with only one side at a time. There was a future in playing hard to get.

"We Are Communists"
In July he made a speech. "We are Communists," he said, "but we do not wish to be affiliated with any bloc. We wish to be an independent country."

At the same time, he said, "I reiterate we shall not take a single step away from our friendly relations with the West."

Tito is a businessman. He got the Russians to cancel an old 90 million debt, dating back to before 1948. And he may be able, through an economic mission he sent to Moscow, to get a 120-million-dollar loan from them.

He said in his July speech his foreign debts are 400 million dollars and now he's asking the West to help him out on 100 million of them.

IT WAS OBVIOUS
SALT LAKE CITY (AP)—Police Officer R. B. Jacobsen was called to the scene of a residence construction. He saw a man loading materials into his automobile. "What are you doing?" asked Jacobsen, and the man replied, "I must be pretty obvious what I'm doing — I'm copping a few bricks." Jacobsen hauled him in and booked him for drunkenness. The 29-year-old man gave his occupation as "student."

ONLY A PRANK
OKLAHOMA CITY (AP)—"I just saw a kangaroo on Northeast 234th," the caller, vocally shaken, telephoned police Dispatcher C. D. Scott. He hopped to his duties, setting off a full-scale East Side safari of patrolmen headed by Julian Frazier, Lincoln Park zoo director. Frazier and his men soon spotted their quarry, hiding in the brush, and jumped it. The animal turned out to be stuffed, apparently planted by a prankster.

Early Wood Turnpike Proved Disastrous

DETROIT (AP)—Michigan had a sad experience with its first toll roads.

They were built of oak and elm planks four inches thick, and newspaper clippings of a hundred years ago said they would last forever as part of an interstate highway network.

The toll turnpikes began in 1848 under the so-called Plank Road Act. Investors snapped up stock. By

1851 four fanned out from Detroit, one running 51 miles. There also was an 18-mile one from Kalamazoo to Schoolcraft.

A combination of faulty financing and unsound construction killed them.

Travelers were charged a cent a mile "for the distance he states he is going, for every mile, ox or horse attached to a vehicle." A full day's traffic at some toll a day. Some keepers were getting more than investors.

U.S. Tries To Stop Lightning In Montana

MISSOULA, Mont. (AP)—Government firefighters are aiming to disarm thunderclouds over Montana to control forest fires. Operation Sky-fire is aimed at pulling the fangs of Montana lightning storms by the summer of 1956.

Jack Barrows, chief of the Inter-mountain Forest and Range Experiment Station, says the first objective is to get basic information by man-made changes in clouds. Sky-tracking of clouds was among the

first jobs. The paths of clouds will be charted to learn their patterns and thunderstorms classified by intensity.

Classification should help greatly, said Barrows, "in picking out clouds that look like good bets for seeding and passing up those that look like poor bets."

A mobile laboratory is in the field. Light Heavyweight championship Archie Moore owns a station wagon on with the following inscription on the door: "Archie Moore Enterprises, Inc., St. Louis, San Diego, Toledo, New York."
